

**PRACTICAL NO : 04**

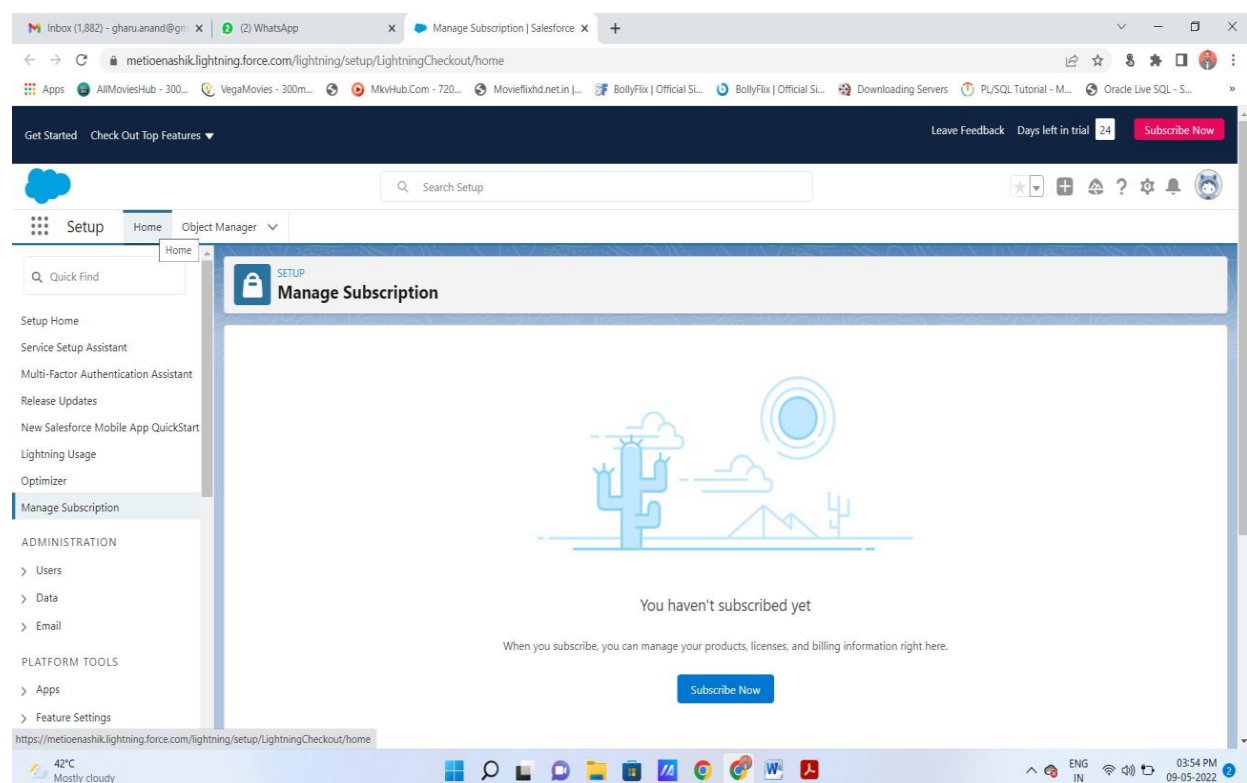

**Title :** Design and develop custom Application (Mini Project) using Salesforce Cloud.

**STEPS TO CREATE AN APPLICATION(mini project) :**

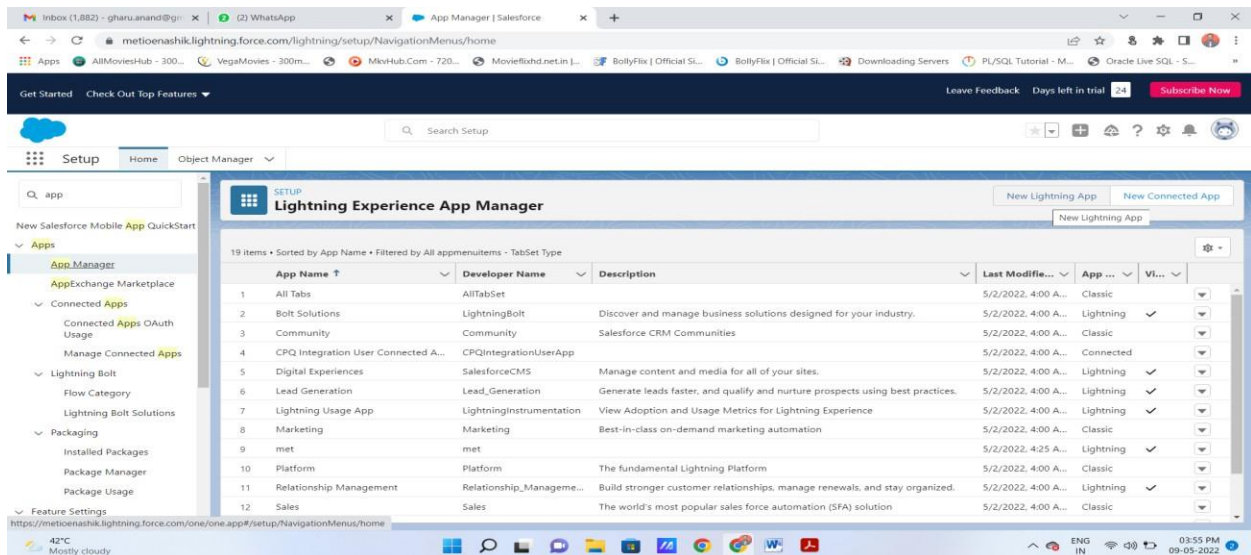

1. Open salesforce in Lightning Experience
2. Open App Launcher → View all → Quick Search → App Manager → Click on New Lightning App → fill the mention information → Next → App option(optional ) → Next → Add Utility (optoinal) → Next → Navigation Item(you can add item) → Next → User Profile(use the user profile that can access this app) → Save and Finish.

You will get Lightning Experience App Manager Window → Search Your App by its name in App Launcher → just by entering some character, you can see app name with its logo → Click on App → you can see your application appearance in window → Output

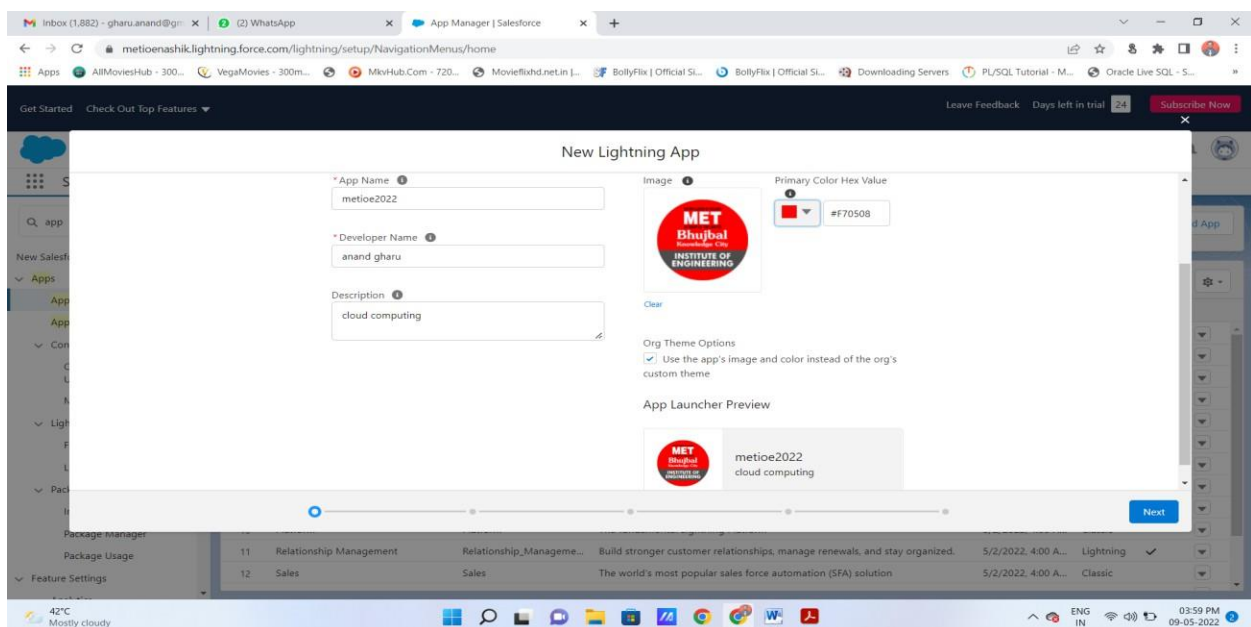

**Note : steps images are provided here.....**

**1. . Open salesforce in Lightning Experience**

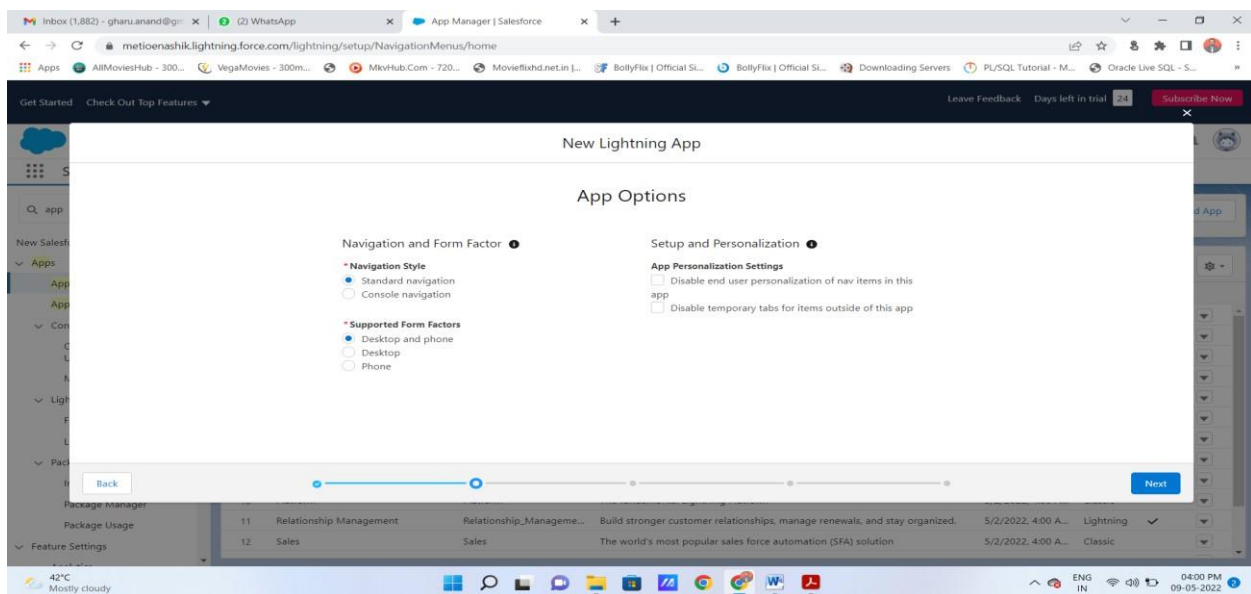

## 2. Open App Launcher → View all → ( Quick Search → App Manager) → Click on New Lightning App

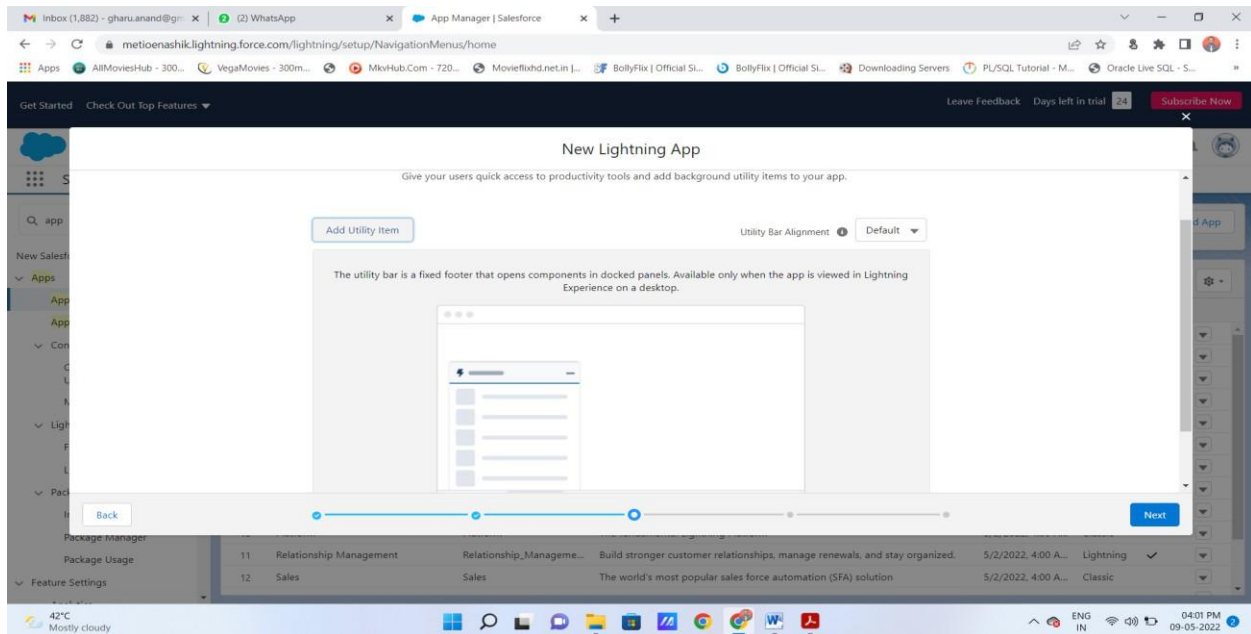

## 3. fill the mention information in new lightning app : then next

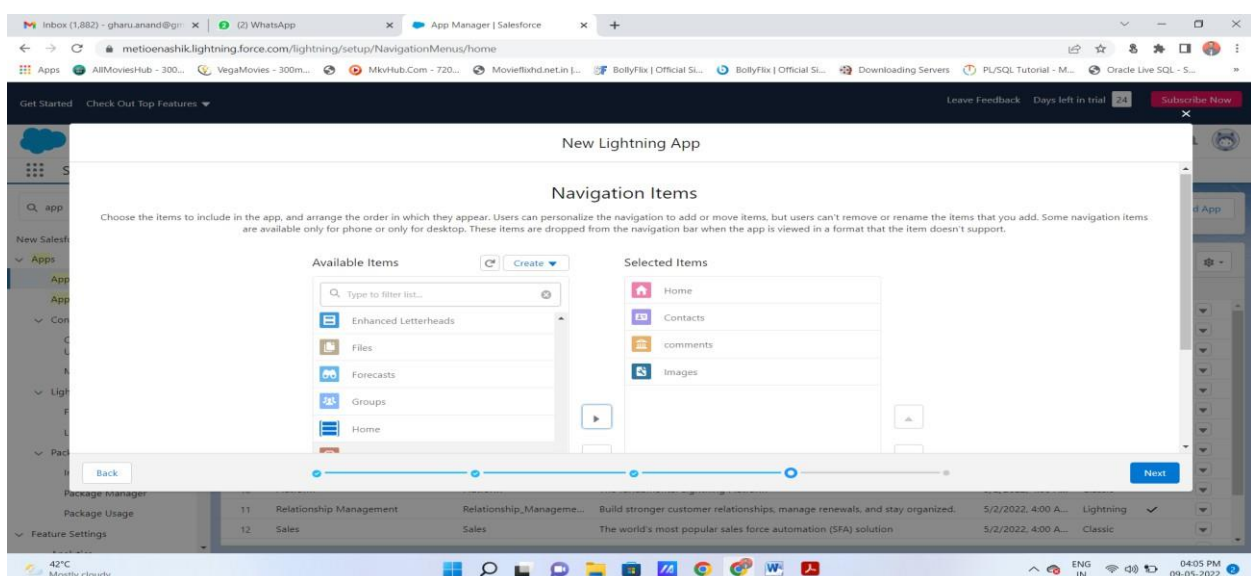

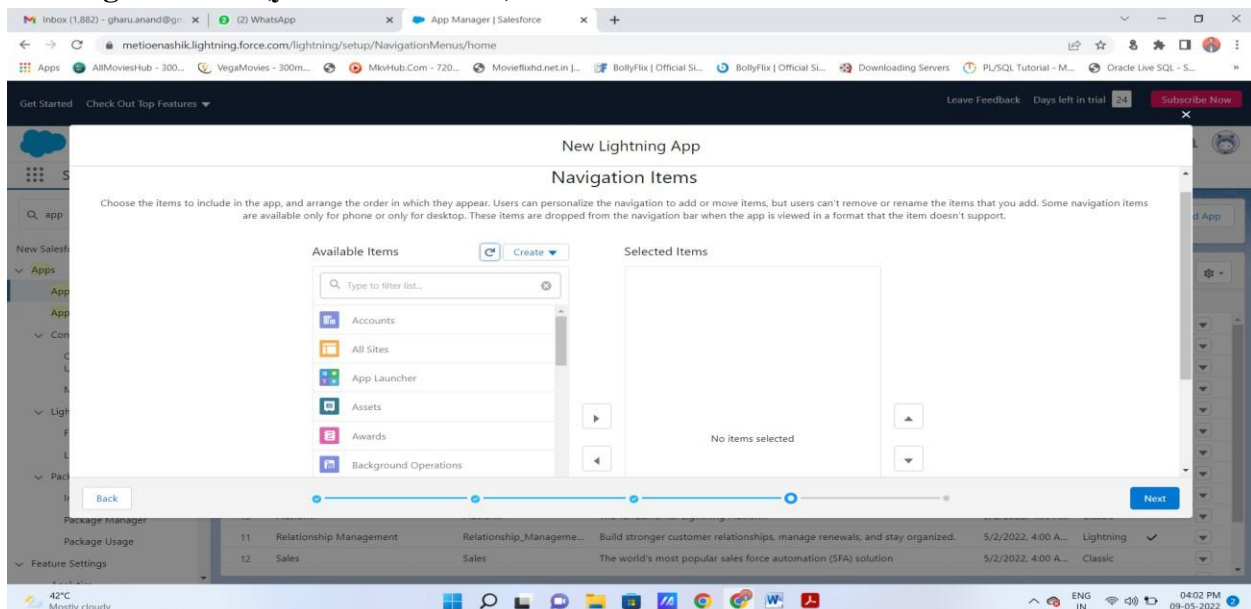

## 4. App option(optional ) → Next →

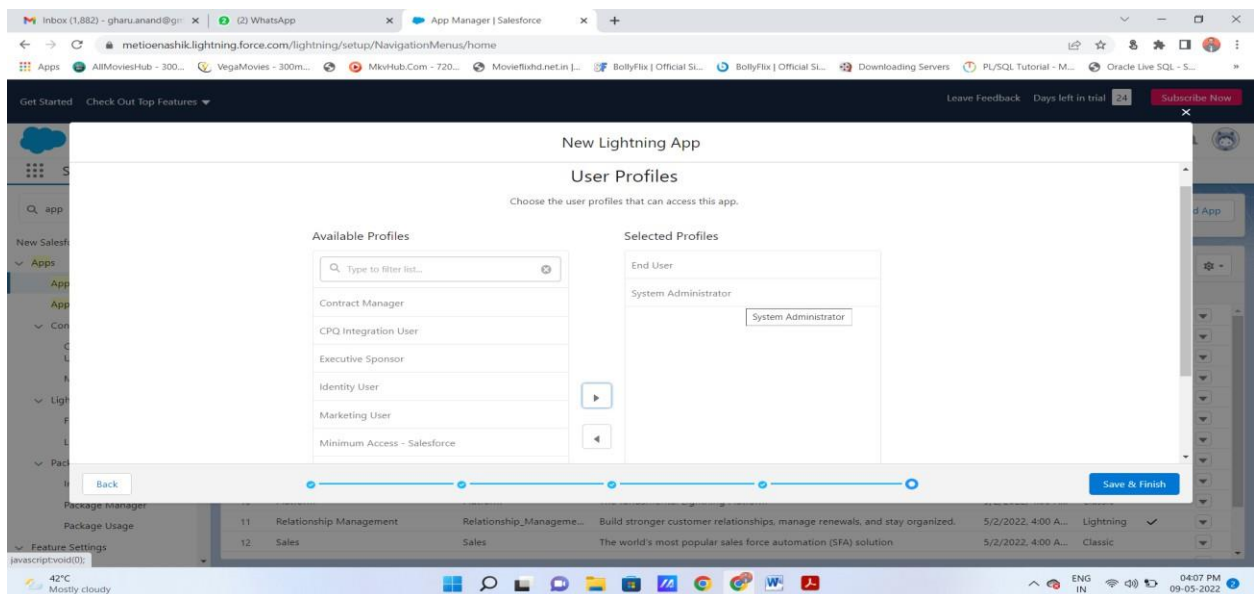

## 5. Add Utility (optoinal) → Next →.

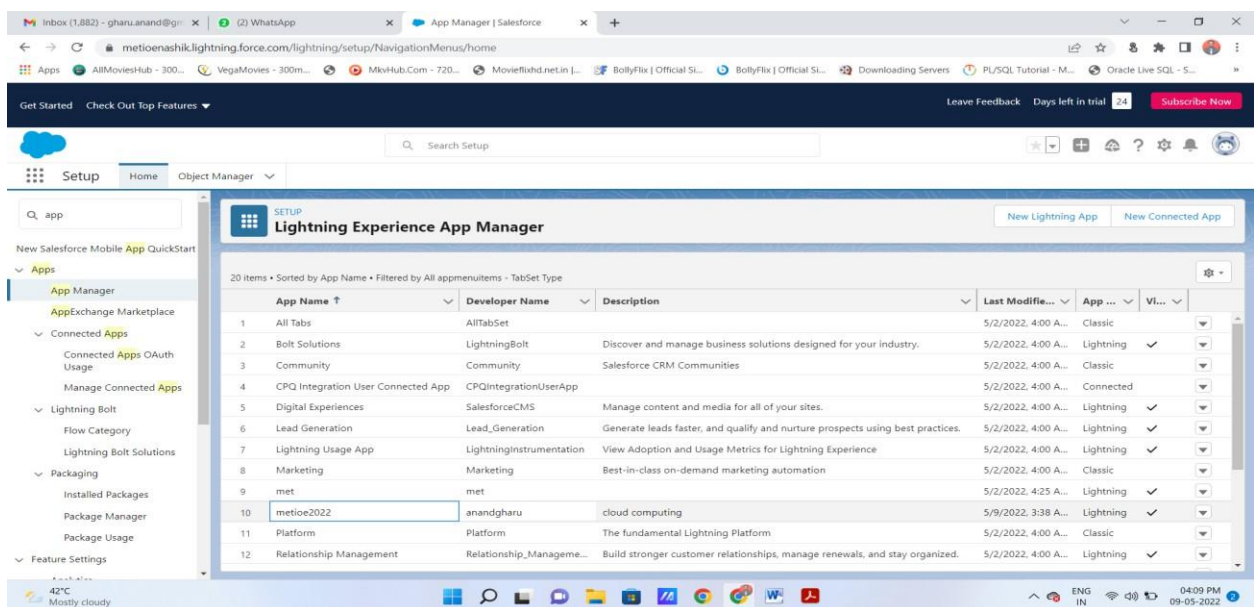

## 6. Navigation Item(you can add item) → Next →

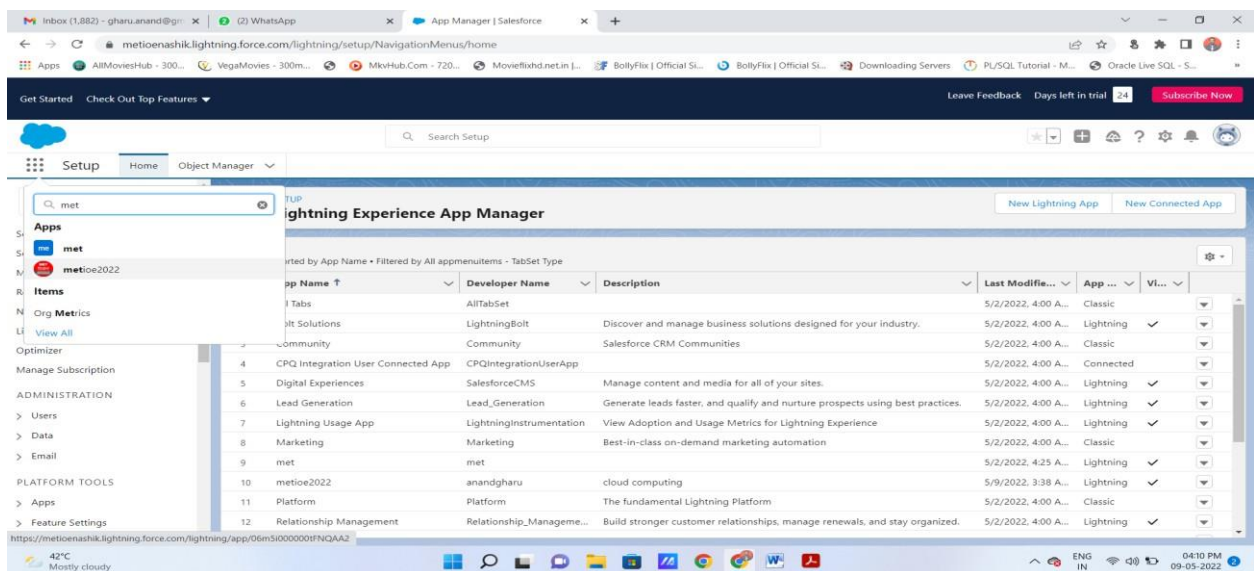

## 7. User Profile(use the user profile that can access this app) → Save and Finish

## 8. You will get Lightning Experience App Manager Window(here, you can see your application)

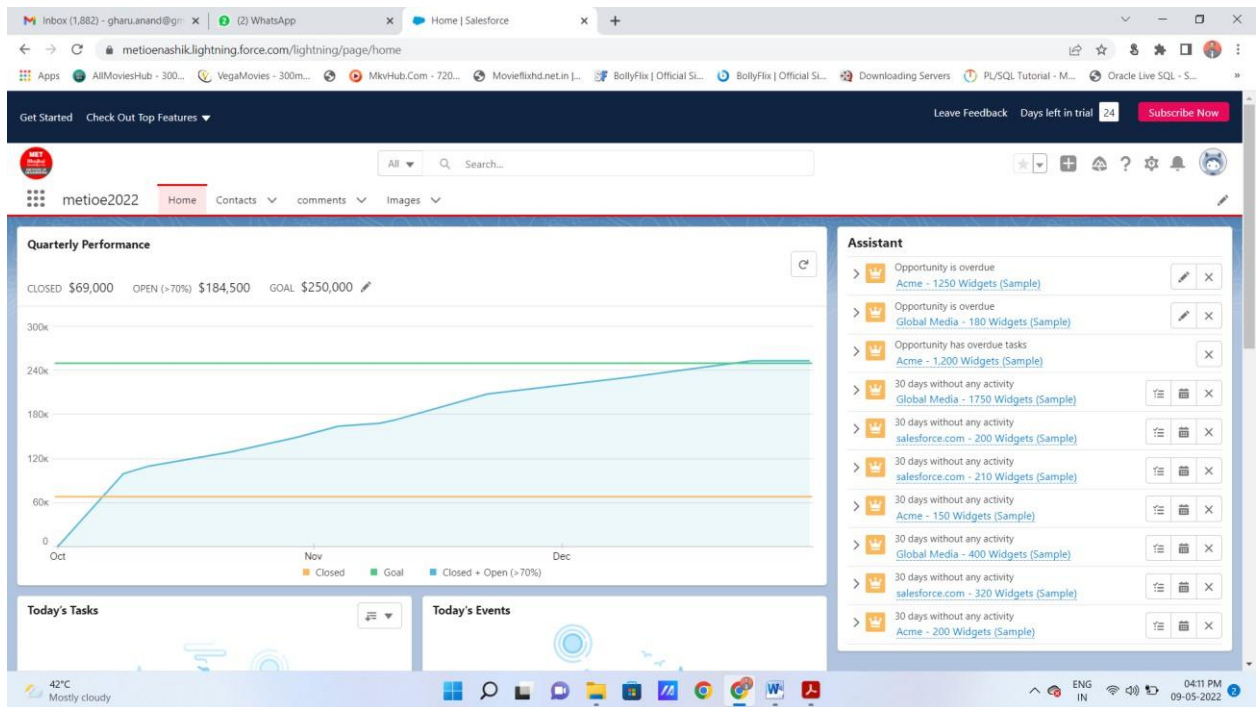

## 9. Search Your App by its name in App Launcher → just by entering some character, you can see app name with its logo → Click on App → you can see your application appearance in window → Output.

# Output : You can see your application here....

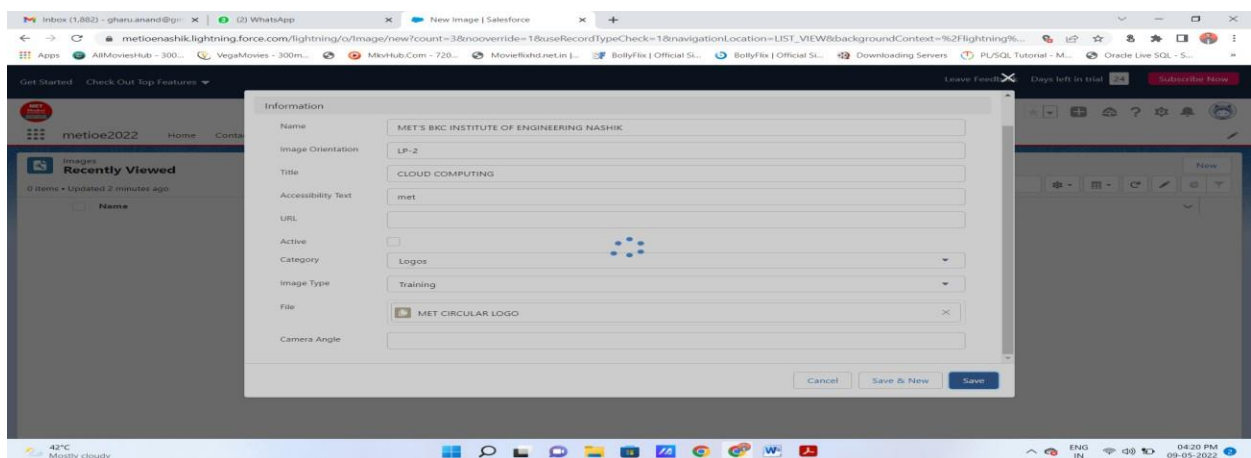

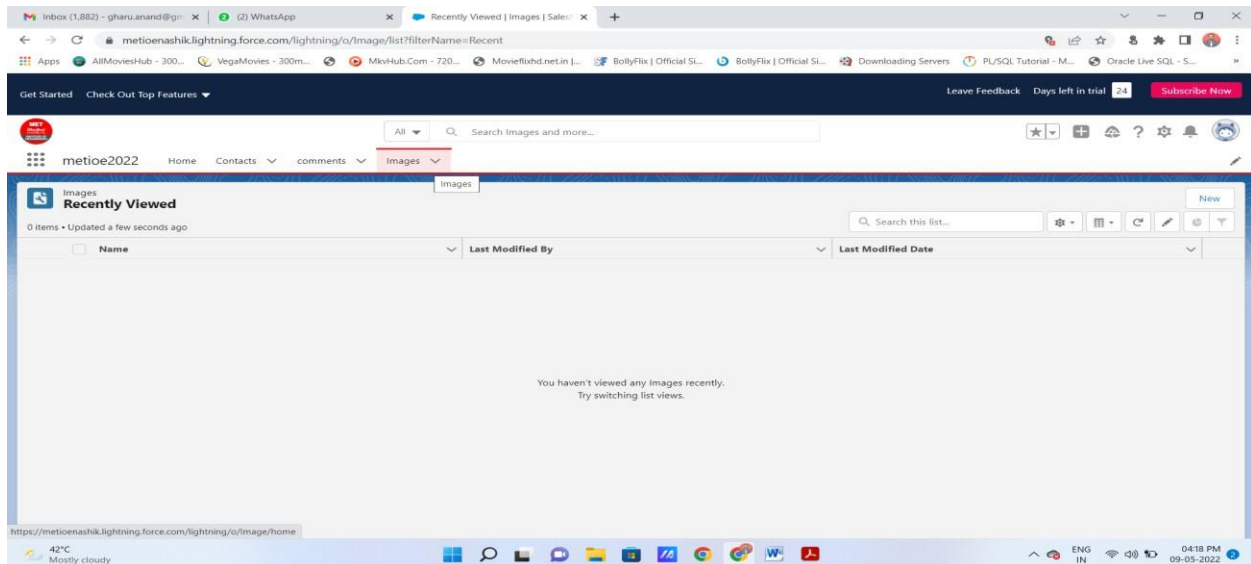

## 10. You can add new contact in your application :

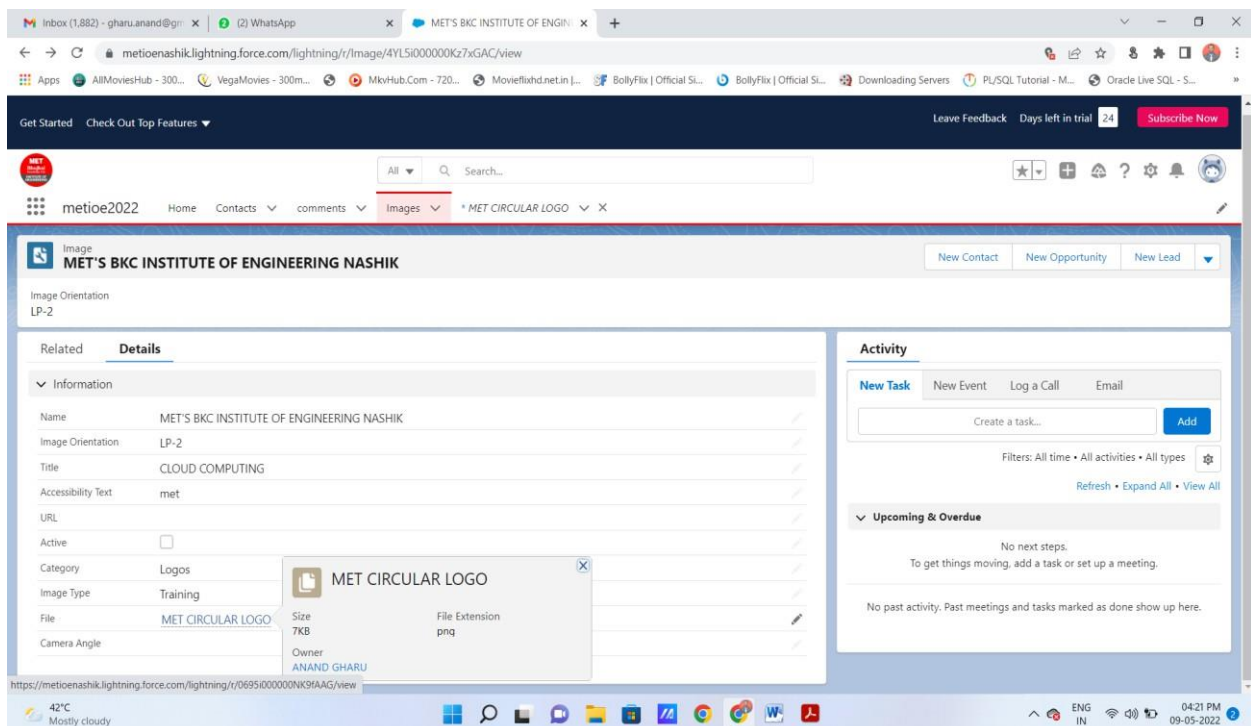

The screenshot shows the 'New Contact' form in the Salesforce Lightning interface. The form is open, displaying fields for Name, Account Name, Title, and other contact information. The 'Name' field is highlighted in yellow. The 'Account Name' field is set to 'metioe'. The 'Title' field is set to 'Cloud Computing'. The 'Contact Owner' is 'ANAND GHARU'. The 'Reports To' field is empty, and the 'Department' is 'Computer Engineering'. The form includes 'Cancel', 'Save & New', and 'Save' buttons.

The screenshot shows the 'Contact' page for 'Mr. ANAND NANDLAL GHARU ANG' in the Salesforce Lightning interface. The page displays related information, including 'Related List Quick Links', 'Opportunities', and 'Related Accounts'. The 'Contact' details are shown at the top, including the name, account name, phone number, email, and contact owner. The 'Related List Quick Links' section includes links to 'Opportunities (0)', 'Related Accounts (1)', 'Files (0)', 'Notes (0)', and 'Cases (0)'. The 'Opportunities (0)' section includes a 'New' button. The 'Related Accounts (1)' section includes an 'Add Relationship' button. The 'Activity' section on the right includes a 'Chatter' tab and a 'Log a Call' button.

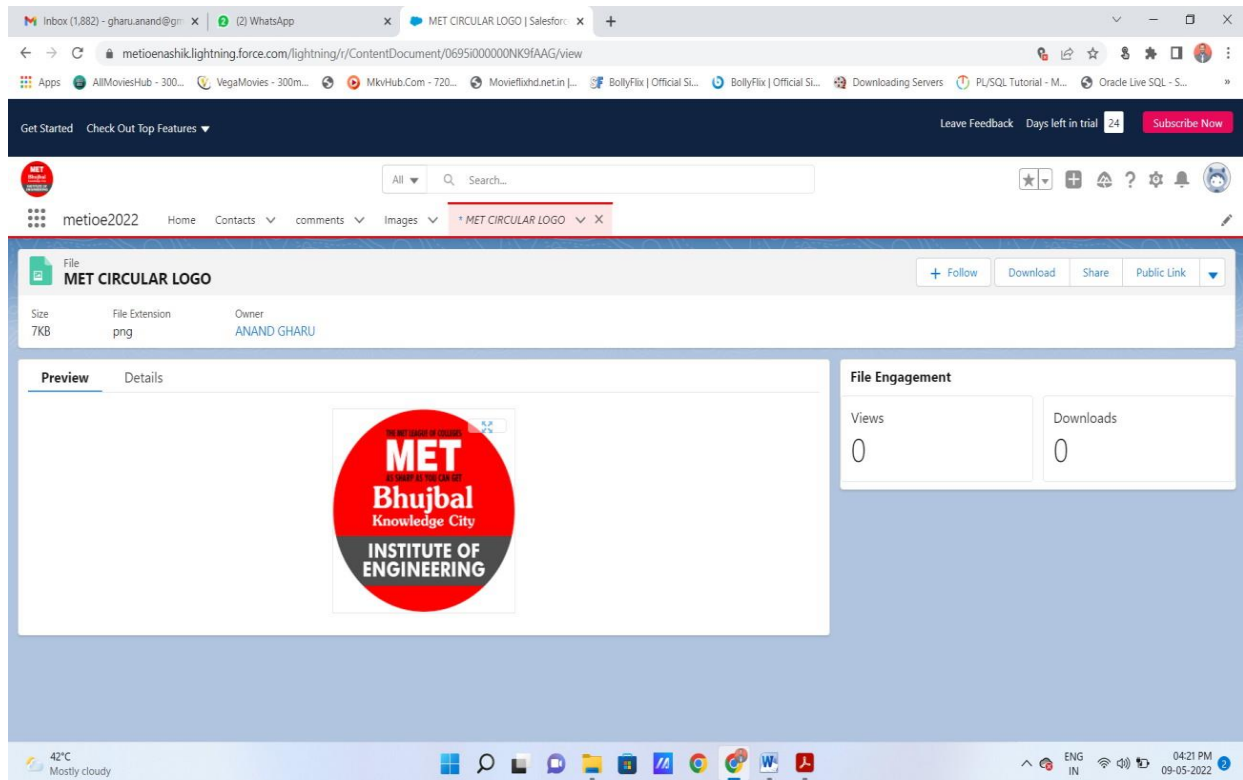

## 11. You can add images also :

You can see here that image is added as MET Circular logo(its image file name) :

You can see actual image by clicking on link :

**You mini project application get created**

**Note : you can add navigations, utilities , profiles as per your requirements for your mini project application.**
